

SUBJECT: DECLARATION OF COMMITMENT TO THE BONSUCCRO PRODUCTION STANDARD

We are proud to include **Bonsucro certification** among our credentials, in compliance with the following standards:

- Bonsucro Chain of Custody Standard version 5.1 (March 2019);
- Bonsucro Certification Protocol V6 (December 2021).

Bonsucro is a global non-profit organization that develops internationally recognized sustainability standards for the sugarcane sector and its derivatives.

The **Bonsucro Production Standard**, which applies to sugarcane farms and mills supplying the certified supply chain, promotes sustainable practices based on key principles including:

- **Environmental sustainability**, through the reduction of greenhouse gas emissions, responsible water management, and biodiversity protection;
- **Social responsibility**, by safeguarding workers' rights, ensuring safe working conditions, and supporting engagement with local communities;
- **Economic and management efficiency**, encouraging continuous improvement and performance monitoring in agricultural and industrial operations.

Our certification is based on the **Bonsucro Chain of Custody Standard**, which ensures the **transparency and traceability of sustainability claims** along the supply chain through robust control systems that protect the integrity of certified products.
